SOUNDS TRUE INC, United States, 2007. CD-Audio. Book Condition: New. 147 x 135 mm. Language: English . Brand New. Based on interviews with today's cutting-edge scientists, investigative journalist Lynne McTaggart wrote *The Field* (HarperCollins, 2002)--a compelling presentation of the theory that there is a measurable life force in the universe. Now in this original audio adaptation by the author, McTaggart takes listeners on a journey into this exciting arena of science called the Zero-Point Field that could be the key to understanding supernatural forces, healing energy, and the nature of consciousness. Offering a challenging new vision of the future--and insights on how this science can immediately affect our own lives--here is a unique opportunity to hear Lynne McTaggart as she unveils the mysteries, discoveries, and wonder of *The Field*.
