Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.Pursuant to a congressional request, GAO reviewed the federal government's ownership, management, use, and regulation of lands in the United States, focusing on: (1) changes in the ownership of lands managed by the four major land management agencies from June 1964 through September 1994; (2) changes in the number of acres managed for conservation; (3) nonfederal acreage that is subject to federal rights of use such as easements and leases; (4) acreage held in trust for Native Americans; (5) acreage owned by 13 selected western states; and (6) acreage transferred by three nonprofit organizations. GAO found that: (1) between June 1964 and September 1994, the acreage managed by the four major land management agencies decreased from 700.8 million acres to about 622.8 million acres; (2) the Bureau of Land Management transferred significant acreage to the other agencies, Alaska, and Native Alaskans; (3) the Fish and Wildlife Service, the National Park Service, and the Forest Service increased the total acres that they manage; (4) about 43.7 percent of the acreage these agencies manage are for conservation purposes; (5)...

Reviews

Thorough manual for ebook fans. it had been written quite properly and valuable. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Dr. Catherine Wehner

Absolutely among the best book I have possibly go through. I have go through and that i am certain that i am going to gonna read through once again again in the future. I am just delighted to tell you that this is basically the finest book i have got go through within my personal existence and could be the finest book for ever.
