What is the nature of delusion, and how can watch out for the particular delusion that masquerades as enlightenment? The third part looks at enlightenment in action --what it means for someone to living and acting in order with the deep wisdom of enlightenment, and how we can practice learning learning how to be satisfied and enjoy serenity and tranquility. The final section is a moving and powerful firsthand account of one woman s solitary realization of the deepest truths--a story that can become an inspiration for all of us. The contributors to this volume include some the pioneering masters who were seminal in helping Zen take firm root in American soil.
