

Online Surface Roughness Evaluation

Filesize: 6 MB

Reviews

This publication is definitely not simple to begin on studying but quite fun to see. It really is full of knowledge and wisdom I am just effortlessly can get a satisfaction of studying a created pdf.
(Alfreda Bradtke)

ONLINE SURFACE ROUGHNESS EVALUATION

To save **Online Surface Roughness Evaluation** eBook, make sure you access the web link beneath and download the ebook or gain access to additional information that are relevant to ONLINE SURFACE ROUGHNESS EVALUATION ebook.

LAP Lambert Academic Publishing Feb 2013, 2013. Taschenbuch. Book Condition: Neu. 220x150x7 mm. This item is printed on demand - Print on Demand Neuware - Surface roughness of machined components has a significant influence on the service performance such as lubrication, friction, wear, fatigue, corrosion, adhesion in surface coating etc. Hence, inspection and control of the surface roughness of components are very important in manufacturing and metal cutting industries. Most of the surface roughness measuring instruments used in industries are contact type, off-line stylus instruments which are not adoptable for highly automated factory environment. The proposed method uses a machine vision technique and LED front lighting method as a substitute for evaluation of surface roughness measurements by stylus instrument. A light scattered pattern from the machined surface is captured and processed to obtain a characteristics feature of optical information viz. G_a (Grey Level value) which is further processed to evaluate the surface roughness value. A comparative study made on surface roughness values obtained by the traditional method and the Machine vision technique shows favorable results. The Machine Vision Techniques using Front Lighting is suitable for online non-contact method which can be adopted for automated inspection environment. 120 pp. Englisch.
