We're headed to the bottom of the biggest hole in the earth in North America, the Grand Canyon. They say there have been those that discovered it but took the location to their graves with them. Course ya know Sam learnin' stuff like that got him all fired up to head there to see if we could find any evidence of 'em. We knew we couldn't do it without help though so started lookin' for an Indian guide. Tribes had occupied the canyon since their origins and knew things white men was never gonna know. We found Dan Ferren. I'm always amazed bout how lucky we are to find top notch people to help us out. When Dan found out Big Mike was Michael P. James the now famous archeology writer I thought he was gonna stop breathin'. He got so shaky he collapsed into a big chair until he could gather his wits again. When we got to the canyon we found there was others there ahead of us and the race was on. We come awful near to losin' Sam and was near out our minds tryin' to locate him. Ya will be amazed at how clever them ancients was bout protectin' what was theirs. We're headed where it's hot again so prepare yerselves. Make shore ya got lots of nice cold drinkin' water handy cause even when yer only imaginin' what we're doin' I'll bet yer gonna feel mighty thirsty. Thanks fer comin' along. I hope ya like...
