Following Anat Georgy s Little Treasure, the children book Shushu s Families celebrates the love in every family no matter what kind it is: with a single mom; two mothers or two fathers; divorced parents; or the family of an adopted child. This children s book takes the young readers on a wonderful journey with a little boy and a wondrous creature. Together, they go on an adventure to find the perfect home, and meet families in their community, each special and happy in its own way. Their journey leads to a revelation of happiness and love. A fun way for pre-school and early school-age children to learn about alternative families and appreciate diversity.
