Crs Report for Congress: Protecting Our Perimeter: Border Searches Under the Fourth Amendment: January 21, 2005 - RL31826 (Paperback)

By Stephen R Vina

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****. Many border security initiatives were developed after the events of September 11, 2001. Because security initiatives often maintain a search and seizure component, Fourth Amendment implications may arise. The Fourth Amendment establishes that a search or seizure conducted by a governmental agent must be reasonable, and that probable cause support any judicially granted warrant. An invalid search is an infringement of an expectation of privacy that society is prepared to consider reasonable. A seizure of a person occurs when a government official makes an individual reasonably believe that he or she is not at liberty to ignore the government's presence in view of all the circumstances surrounding the incident. The Court has interpreted the Fourth Amendment to include a presumptive warrant requirement on all searches and seizures conducted by the government, and has ruled that any violations of this standard will result in the suppression of any information derived therefrom. The Court, however, has also recognized situations that render the obtainment of a warrant impractical or against the public's interest, and has accordingly crafted various exceptions...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Ally Reichel

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
