Reviews

Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

The first would be positive and often have something to do with the space program, perhaps which mission was in the works or which one had just been completed. Then there would be an article of a more negative nature, often concerning the United States increasing involvement in the Vietnam War. Toward the end of 1968, however, a new and more sinister headline began to pop up. At first it was just in California and seemed to be simply a random crime, with a couple being murdered a few days before Christmas. It was a tragic tale, but in California, it was often dismissed as a byproduct of the youth culture of sex, drugs and rock and roll that often led young people to be in the wrong place at the wrong time. Then, some months later, another couple was shot, and this time the man survived. The story he told was not of someone targeting either him or his friend, but of a type of madman shooting them again and again. The idea that there was an unhinged serial killer on the loose was confirmed when he began writing letters to the police and the newspapers,...
